What we were hoping you could do was to fill out this little questionnaire below. We want to gather as much information as we can about who you are so that we can best know where to place you. The placement churches are quite different so we want to see what personalities, spiritual gifts, etc that are the best match for you as an intern as well as for the church you will work in.

There are no right or wrong answers here; it's all just about getting to know you as best we can.

MINISTRY

In what type of work/activities/ministry do you feel that you serve God the best, where God has gifted you?

Where do you feel that you are the least gifted?

Do you like being up in front of people or do you prefer to work behind the scenes?

Have you ever preached, taught a Bible study, given a children's talk, etc?

What age groups do you like to work with the best and least?

What types of ministry experience have you had?

If you could choose between working in a church that has a lot of things going on, where everything is already planned and a church that would expect or need you to help start and build activities, which would you pick? Why?

PERSONALITY

Do you feel that being around a lot of people gives you energy or drains your energy?

Do you like living with other people or do you prefer to live alone?

How do you think you would handle being placed in a small town/village without too much to do in the afternoons and evenings and that did not many people your own age?

Have you ever had a history of depression or other mental health issues? If yes, please describe it briefly. Did you or are you still taking medication?

What/who do you think you will miss the most from your home country? Are you dating anyone or engaged?

What do you most hope to achieve from your year here in the UK?
